

Acme Corp — Quarterly Report

This is a synthetically generated sample document used to exercise PDF text and table extraction code. Page 1 contains narrative text; page 2 contains a structured financial table.

Revenue grew steadily across the year, driven by new enterprise contracts and expansion into adjacent markets. Operating costs also rose, primarily due to increased cloud infrastructure spend.

Financial Summary

Quarter	Revenue (\$M)	Costs (\$M)	Net Margin
Q1 2026	4.2	3.1	26%
Q2 2026	4.8	3.6	25%
Q3 2026	5.1	3.7	27%
